Omega-3, 100% vegan

 MINAMI

VeganDHA®

Omega-3 100% vegan

With higher DHA concentration

- DHA is an omega-3 fatty acid
- Supports brain function and vision in adults
- Is essential during pregnancy and breastfeeding
- Supports the growth and development of eyes and brains in foetuses and infants
- Based on algae oil

With **VeganDHA®**, Minami gives vegetarians and vegans all the benefits of an omega-3 dietary supplement with unparalleled purity, quality, and strength.

Ingredients

- DHA concentrate from algae oil (Schizochytrium sp.)
- Concentrated astaxanthin from plankton (Haematococcus pluvialis)
- Softgel capsule made of corn flour
- Natural orange flavour
- Antioxidant: a balanced mix of rosemary and tocopherol extracts (Miradoxan)

Gluten-free and lactose-free

Instructions for use

- As a dietary supplement for adult vegetarians and vegans
- One softgel per day, preferably at mealtime
- Keep out of reach of children

One softgel contains

DHA (docosahexaenoic acid)	250 mg
Astaxanthin	750 µg

Minami's philosophy is clear:
to offer high-quality omega-3
supplements with proven advantages
and physiological effects.
